

Load Cash to My Account (Member's Only)

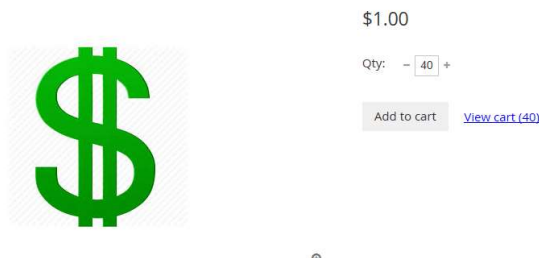

When to Use this? If you want to prepay some of your bus reservations ahead of time, or you have a balance in your account that will not cover the payment, use this. You do not have to book all your reservations at once.

1. Login, and go to the tab ***Members Only > Store**

2. Select **Load Cash to My Account**.
Add Amount (instead of using the + sign to increase, type your number in front of the "1" and then delete the "1")
Click **Add to cart**, then **View Cart** to pay.

Load Cash to My Account

3. Make sure everything is correct, then, **Proceed to checkout**

4. Billing details appear, click **Continue**. Shipping address appears, click **Continue**. The Confirmation screen appears, and you checkmark I'm not a robot and click **Pay online**.

[Pay online](#)

5. The **Pay with PayPal** screen appears. If you are paying by **PayPal, you login,** or click **Pay with a credit or Visa Debit card**, and continue as you normally would in paying for this item.
6. You will receive an e-mail back that an order has been placed. Money will be placed in your account by the administrator (and you will receive an e-mail once your order has been fulfilled). In the meantime, it is all right to book your reservation (you will show a temporary debit in your account, but once the administrator puts the money in, you will be settled up, and your payment will be recorded).
